

SOOTHE is a medical food formulated to provide strategic macro- and micronutrient support for patients with compromised gut function resulting from inflammatory bowel disease, including ulcerative colitis and Crohn's disease. Provided in a proprietary, vegan pea/rice protein base, this formula addresses increased nutrient needs and potential deficiencies in these patients. This formula features CurQfen®, a clinically studied, patented curcumin blend designed for greater bioavailability and more reliable clinical outcomes. It has been demonstrated to have up to 45.5 times more free curcuminoids in human plasma compared to standard curcumin extract. Immune Support Protein Powder also features XNT ProMatrix™—a proprietary protein matrix technology designed to enhance the delivery of a high quality xanthohumol compound for increased bioavailability and stability.

Directions: Blend (for no longer than 15 seconds), shake, or briskly stir 2 level scoops of new and improved SOOTHE (44 g) into 8 fluid ounces of chilled water, juice, or acceptable fruit as listed in the dietary guidelines. Take twice per day or as recommend by your healthcare practitioner. Consume within 10 minutes of reconstitution.

NOTICE: THIS PRODUCT IS TO BE USED UNDER THE DIRECT SUPERVISION OF A PHYSICIAN OR OTHER LICENSED HEALTHCARE PRACTITIONER.
