

Liver Support with Antioxidants offers advanced nutritional support for detoxification phases I, II, and III, aiding the body’s natural alkalization and heavy metal metabolism. With a base of 14.5 g OptiProtein®—12 g vegan pea/rice protein and 2.5 g amino acids—it includes xanthohumol as XNT ProMatrix®, broccoli sprout and floret powder as Brassinase™, and prune and pomegranate extracts for cellular health. Glycine and magnesium sulfate assist in Phase II detoxification, alongside N-acetyl-L-cysteine, green tea catechins, and antioxidants such as beta-carotene, vitamins C, and E.*

Directions: Shake canister before scooping. Blend, shake or briskly stir about 2 level scoops (36 grams) of Liver Support with Antioxidants into 8 fluid ounces of chilled water or juice twice daily or as directed by your healthcare practitioner. For highly sensitive individuals, consider reducing consumption to 1/2 to 1 scoop with 4-5 ounces of chilled water or juice twice daily during the first 3-4 days before starting a full daily dose.

Warning: Not for use in patients with severe kidney disease or those with raised serum potassium levels or taking certain diuretics, cardiac, bladder or asthma medications. Excess vitamin A may contribute to a risk of birth defects. Pregnant women and women who may become pregnant should not exceed 3,000 mcg of preformed vitamin A (retinyl palmitate) per day unless instructed to do so by a healthcare practitioner.

Caution: Recommended to be taken only as directed and under the supervision of a licensed healthcare practitioner. Do not use if pregnant or nursing. Keep out of reach of children.

This product is gluten-free and non-GMO.

Tamper Evident: Do not use if safety seal is missing or broken.

Storage: Keep tightly closed in a cool, dry place.
